This is just a heads up and reminder that if you have not signed consent to publish in the last 6 months, your information will be removed off the website. You can send the consent through e-mail. You can also get a consent form at the next meeting. If I have not received a consent form from you by the end of October then your name will be removed from the webpage.

Since the webpage contains printed publications and the Chronicler is held responsible for those works as well as copyrights the chronicler will be allowed to have access to the website.

On a personal note I am truly sorry this did not reach you before Day of the Dragon. As most of you know I have been having some health problems. I will try harder throughout the next couple months to get the newsletter to you on a timelier manner.

If there is anything that you would like to add to the newsletter, or an idea that you would like to see please let me know. This is the Shire's newsletter and I would be glad to insert additions to it that you would like to see.
