

The Shire of Dragon's Vale

Reports:

Seneschal- report was sent in and accepted. Waiting for the contract for the Edna Troy Community Center, for Day of the Dragon.

Exchequer- nothing

Knights Marshal- nothing

Chronicler- nothing

New Business:

There was talk about changing the day that we hold the monthly meetings. We are trying to decide if we change the day if it would be possible for more to attend the meeting. We were thinking about changing it to the last Sunday of the month around 7:00. If you have an option on this please post it on the yahoo group or get a hold of Tim and let him know.

We are changing the newsletter a little; we are going to list all that attend the meetings. This is so new attendants are included. So with that said those that attended the meeting are as follows:

Tim-Arinwald Rotstein

Paul-Jean Paul Pierrepont

Brian-Brient Brekebowe

Lisa-Ysabel la Normande

Justin

Steve-Gunnarr Saurr Thrainsson (Mudd)

Sarah

and

Butt's and Bail's:

Just a reminder that there will be a special meeting June 11, starting at 7:00 at the Blue Loin for Butt's and Bail's event. We are running out of time before the event so it is VERY IMPORTANT to have as many people there so we can get the final plans in order. This WILL be the last meeting before the event.

The site will be at Stones Trace as it was in the past. Set up will be available on Friday. The site will be open as of 9:00 on Saturday. Site fees are as follows: \$4.00 per person over the age of 13, \$2.00 for those who are 6-12, and 5 and under are free.

We are still looking for ideas for targets for the event. If you have any please get a hold of one of the officers and let them know. If you can volunteer to help with anything please let someone know.

We will be serving bread bowls for lunch. They will cost \$5.00, and there will be a drink, cookie, and a pickle provided with it. The varieties of bowls are as follows: Chicken and Dumplings, Steak Chili, Beef Ravioli and Cheese Ravioli.

We are still asking for any donations that can be placed into a stone soup. Meat is needed, even if you can donate a pound or two this would help greatly. You can get a hold of Sarah at 574-491-2076 if you have meat and can not store it until the event. If you have cans of veggies just hanging around that you no longer need, it would be a great help as well.

We are still working on site tokens. If you have ideas let us know; please include a price that it will take to make the tokens. We are looking to have about 80 site tokens.

Day of the Dragon:

We are still working on these plans, as of now the event will be held at the Edna Troy Community Center. The site will open at ????????

There are a lot of possibilities with the new site. We will be able to hold some A&S classes, so anyone that would like to teach a class please, get a hold of Sarah so we can get some scheduling done.

Paul will be doing the site tokens for the event this year. Thank you Paul, as he is donating time and material for the site tokens.

The event steward for Day of the Dragon is Sarah. So if there are any ideas, concerns, or other thoughts please get a hold of her and let her know so that everything can be ran past the shire as a whole. The goal is to make a good event and have things together before the event so that we may all enjoy it.
